Doctor Who Club of Australia

Origins

The Doctor Who Club of Australia (DWCA) started life as "The Australiasain Doctor Who Fan Club" in 1976 by a group of people who were successful in protesting the ABC's decision to axe the show. Since that time, much like our favourite Time Lord the club has been through many incarnations, but one thing has never changed – it has been run by Doctor Who fans, for Doctor Who fans.

Membership

Upon joining the Doctor Who Club of Australia, you will receive a membership pack, which includes a back issue of the club's bimonthly magazine, Data Extract, as well as some other exclusive items.

Membership also comes with the following benefits:

- Subscription to Data Extract, the club's bimonthly magazine
- Discounts on merchandise at the DWCA Shop
- Discounts at selected science fiction specialists across Australia
- Discounted entry to DWCA and FSF events
- Priority ticket sales to Whovention, our multi-day events featuring overseas guests

Events

The DWCA holds events on a regular basis, which are a great chance to meet up with fellow fans. Events also provide the opportunity to relive the Doctor's early adventures and catch up the more recent incarnations, as well as find out what the latest is in the worlds of Torchwood and The Sarah Jane Adventures.

Over the years, the club has held several events which have seen many stars of the programme share some of their experiences with us. These guests include such luminaries as Peter Davison, Colin Baker, Sylvester McCoy, Frazer Hines, Elisabeth Sladen, Nicholas Courtney, and our club's Patron, Katy Manning.

We have also had the pleasure of hosting some of the people who have worked behind the camera, such as Rob Shearman, the man responsible for writing the new series episode "Dalek", and Steven Moffat, writer of several new series stories, many of them fan favourites, and now executive producer of the show.
